

Mattie
Click

Find out who you
can turn to

MattieClick allows you to make a
handy overview of people you can turn

to, and what exactly
they can do for you.
There are 5 steps:

1

**Take
your position**

Use a photo to place
yourself at the centre
of your network.

2

**Make
a list of all the
people you know**

Relatives, friends,
acquaintances, colleagues,
neighbours, team
mates.

3

**Which relationships
are part of this network?**

Decide which people you
wish to give a spot in your
MattieClick network.
Also indicate where they live.
This can have an impact on
what they mean to you.

4

**Indicate
the value of
these relationships**

Some relationships are
steady as a rock. These people
are part of your life. But there
may also be relationships
that you are
unsure of.

5

**Indicate
which people
know each other**

The more cross-
connections your network
has, the stronger
it is!
